

Zero Friction Tees - Blister Packaged

Zero Friction is the hottest performance tee available in golf today. Each week, PGA tour players, LPGA players and long drivers rely on Zero Friction for more distance and accuracy.

- The 3 prong top significantly reduces the contact area between the ball and tee, providing unparalleled distance and accuracy
- Independent testing proves that with a 100mph swing speed, a golfer can gain up to 4 yards of distance and over 5 yards of accuracy.
- An environmentally friendly product manufactured with recycled materials.
- Available with custom logo printed in up to 2 PMS colours
- Minimum order from only 40 packs of 50 tees
